

The Madison River – Fish It Before You Die!

One of the owners of Unicoi Outfitters since 1998, in 2018 Jimmy Harris celebrates his 20-year anniversary. Prior to 1998 he had been guiding on several north Georgia trout streams for 3 years. He is a Life Member of Trout Unlimited. Jimmy makes multiple annual trips to Montana and the Yellowstone area. The Madison River is his favorite.

Unicoi Outfitters is proud to be an Orvis Endorsed Outfitter as well as a Gold Level Trout Unlimited Business Member. They are also very honored to be affiliated with Project Healing Waters and Casting for Recovery. Annually they host several free fishing events for both of these groups.

Unicoi Outfitters also hosts several destination trout fishing trips throughout the year. Our Argentina trips to northern Patagonia have become one of the most popular trips we offer. Currently, we are putting together an early fall trip to South America for Peacock Bass as well as a summer trip to the Rockies.

Locally, Unicoi Outfitters is operates under U. S. Forest Service permits to guide on 23 different streams in the Chattahoochee National Forest, including the Toccoa River Delayed Harvest section. They also have Forest Service permits to guide in North Carolina on the Nantahala River and in South Carolina on the Chattooga River. They have agreements with private landowners to guide on five different trophy trout streams across north Georgia.
